# WHITBY AND DISTRICT WAR MEMORIAL COTTAGE HOSPITAL.

## ANNUAL REPORT FOR 1947.

---

ON the 5th July, 1948, the Whitby and District War Memorial Cottage Hospital is to come under State control, and will be administered by the Ministry of Health. This last Report, therefore, may fittingly include a brief account of the Hospital's usefulness during its history.

**In Memoriam.**—In the recent passing of the Most Hon. the Marchioness of Normanby, the Hospital has suffered a great loss. Her ladyship was a vice-president and member of the Management Committee, and over a long period she gave generously of her time and means. Conscientiousness and graciousness marked all her public work, and she was beloved by all. To our President, the Marquis of Normanby, and his sisters, the deep sympathy of the Committee is extended.

**Half-a-Century of Service.**—The origin of the Cottage Hospital dates back to 1897 when, in conjunction with the Whitby and District Nursing Association, local doctors and a few interested people furnished the Old Brewery House, Boyes Staith, Church Street, to receive patients. The work grew, and in 1900 it was necessary to move into larger premises. The Bank building in Grape Lane, and, later, the adjoining property known as Cook's House, were purchased. In these, nine adult patients and two children could be treated. The work went steadily on for the next twenty-five years when, again, a further change was deemed necessary. This time the promoters were more ambitious, and in 1925 there was erected the present War Memorial Cottage Hospital on its commanding site on Spring Hill. It can accommodate 20-25 in-patients, and there is often a waiting list. The carrying through of this project was made possible by certain generous donors, and a remarkable response on the part of the general public. Most useful additions have since been made for the treatment of out-patients, while the recent greatly extended facilities for X-Ray and Physio-therapy treatment would do credit to a

much larger hospital unit. More accommodation, however, is urgently needed, especially for medical cases as distinct from surgical; but the recent war prevented any further building. Even so, plans have been prepared for extensions to the present hospital, on the most modern lines, to provide for 100 beds; a separate Maternity Block; and a self-contained Nurse's Home. It is to be hoped that these plans may mature in the not too distant future, so as to provide Whitby and District with an adequate hospital service.

**Finance.**—Ordinary maintenance expenditure for the year ending 31st December, 1947, came to £7,831. The mounting costs of food, drugs, medical appliances, general renewals, and the higher salaries and wages explain this steep rise. Income from all sources came to £4,605. The debit balance at the bank at the end of the year was £5,249. By the time the State takes over the debt will have further increased; but the Committee feels that local pride would like to see the Hospital handed over efficient and solvent, and so will realise on some of the investments in order to wipe out the deficit.

Whilst the cost of future maintenance will be the responsibility of the State, voluntary gifts will still be invited to provide welcome extras for the patients. Subscribers can stipulate how their gifts may be used.

Covenanted subscriptions must continue until the term of contract expires.

Legacies have been received as follows:—From the late Miss Hilda Stonehouse, £100; the late Mr. William H. Ellis, £100; and the late Miss Annie Hutton Wilson, £1,000 on account.

**The Medical Staff.**—The Committee would place on record its warm appreciation of the work of the Honorary Medical Staff through all the years of the Hospital's existence. The doctors and consultants have given of their best, promptly responding to urgent calls at all hours. It is hoped that their future will continue to be intimately associated with the Hospital that so highly values their work. The news that the present visiting consultants are to be retained is most reassuring.

**The Nursing Staff.**—To Miss M. Raine, S.R.N., S.C.M.—who commenced as Matron in November last—and her staff, the Committee would express sincere thanks for the efficient way in which they have discharged their

duties, sometimes under difficult and trying conditions. The Committee's best wishes are extended to them. The Committee also remembers with gratitude all former members of the staff who, by the high quality of their work, revealed a sense of vocation.

**The Ladies' Committee.**—A word of special praise is due to its members, some of whom have selflessly served for over forty years. In addition to supervising household expenditure and weekly visitation, the Committee has raised large sums by means of Garden Fêtes, Sales of Work, and the organising of Women's Working Parties. The ladies have, indeed, adorned the voluntary principle.

The Committee would also express its sympathy to the family of the late Mrs. J. Bagshawe, a valued member of the Ladies' Committee.

**The Linen League.**—Formed in 1919, the League has rendered invaluable help to the Hospital in the provision of linen, blankets and materials. Over the years this has meant very substantial aid to the Hospital. The Management Committee would say a very real "Thank you" to all those who have given themselves to this labour of love.

**St. John Ambulance.**—This worthy organisation has also placed the Hospital in its debt. The many kind acts of officers, men and nurses, together with the use of the motor ambulance at all times and in all weathers, have often been acknowledged. But, again, we would express our gratitude.

**Clergy and Ministers.**—For conducting the Sunday evening service, and exercising their spiritual office throughout the week, we would like them to know that their many visits have been much appreciated.

**All Who Have Helped.**—The best thanks of the Committee are extended to:—The President, Trustees, Hon. Treasurer, Hon. Legal Adviser, Chairman and Members of House Committee, the Press, Subscribers and Donors, Collectors and Organisers of Hospital Saturday Collection, the Churches, Whist Drive and Dance Committees, Football and other Sports Clubs, the Amateur Dramatic Society, Employees' contributing weekly, local and visiting Fisher-Folk, and many others who have shown practical interest in the work of the Hospital.

**Mr. J. G. Tomlinson.**—In expressing thanks to all and sundry, it is felt that our worthy Secretary should have a

paragraph all to himself! For forty-one years he has served the Hospital with rare devotion, quiet efficiency, and invariable cheerfulness. It has been said more than once—and not without a good deal of truth—that “John **is** the Hospital!” What has made his long service so acceptable is that he really has loved his work. It is therefore fitting that the Management Committee should be arranging an annuity for Mr. Tomlinson, to take effect from the date he relinquishes his present position. Long may he live to enjoy this well-earned recognition!

NORMANBY,  
President.

J. A. HARROWING,  
Chairman of The Ladies’ Committee.

ERNEST FRANKLAND,  
Acting Chairman.

J. G. TOMLINSON,  
Secretary.

## LINEN LEAGUE.

---

### REPORT.

The Linen League has suffered an irreparable loss in the death of the Marchioness of Normanby, Chairman of the Executive Committee, who for so many years has been the inspiration and driving force of the Linen League's activities.

With the coming into force of the National Health Service Act on July 5th, the necessity for providing linen for the Hospital on a voluntary basis will cease, and, in view of this, the Committee have reluctantly come to the decision that the activities of the Linen League must come to an end.

It may not be realised that since 1909 the Linen League has been entirely responsible for the provision of linen and some of the Nurses' uniforms for the Hospital. Moreover, on the completion of the new War Memorial Hospital the League provided the initial linen equipment. This great service has only been maintained by the untiring energy and devotion of the various Collectors, both Urban and Rural, who have given up so much of their time to the collection of the various subscriptions and gifts. The Committee express their great appreciation to all those who have given such generous service for so many years.

Although the Linen League will not function after July 5th, the Committee have much pleasure in reporting that on the delivery of the present outstanding orders the Hospital will be thoroughly well stocked with Linen, and will be handed over fully equipped. All outstanding liabilities are fully covered by funds held by the Linen League, and any balance will be handed over to the Hospital prior to the "appointed day."
